

CONTENTS

Chapter 1. CROP PRODUCTION AND AGROCHEMISTRY

- E. Jakienė, V. Venskutonis, V. Mickevičius.** Growth regulators for sugar beets.. 3
- B. Butkutė, A. Mankevičienė.** Estimation of mycotoxin content in grain by ELISA method using different photometers 18
- J. Lubytė, A. Antanaitis, G. Staugaitis.** Natural radionuclide specific activity in plant produce, soil and fertilizers..... 36
- A. Antanaitis, Š. Antanaitis, J. Lubytė, G. Staugaitis.** The impact of antropogenic factors on the concentration of heavy metals in cereal grain 49

Chapter 2. GRASSLAND HUSBANDRY

- R. Skuodienė.** Weed incidence in the agrophytocenoses of short-term mixed-used swards and winter wheat grown after them..... 59
- E. Butkuvienė, R. Butkutė.** The comparison of pasture improvement measures on swards arranged on a *Haplic luvisol* 73
- N. Daugėlienė, R. Butkutė.** The productivity of long-term grassland as influenced by the variation of botanical groups of herbs under the conditions of different soil pH and fertilization..... 84

Chapter 3. PLANT BREEDING

- P. Tarakanovas, V. Ruzgas.** Study of genotype – environment interaction of winter wheat varieties with respect to grain yield 96
