

CONTENTS

M. Muraškienė, J. Aleinikovienė, R. Skuodienė, D. Tomchuk, K. Armolaitis. Soil respiration and microbial biomass peculiarities as influenced by different land use intensity	3
G. Staugaitis, A. Šarka. The content of mineral nitrogen in <i>Histosols</i> and its relationship with soil organic matter	11
M. Toleikienė, A. Arlauskienė, L. Šarūnaitė, G. Šidlauskaitė, Ž. Kadžiulienė. The effect of plant-based organic fertilisers on the yield and nitrogen utilization of spring cereals in the organic cropping system	17
R. Skuodienė, D. Karčauskienė, V. Feiza, D. Feizienė, R. Repšienė, G. Šiaudinis. Changes in weed flora under the influence of long term application of liming and reduced soil tillage	25
M. S. Simić, V. Dragičević, D. Chachalis, Ž. Dolijanović, M. Brankov. Integrated weed management in long-term maize cultivation	33
A. Liatukiene, R. Skuodiene, D. Tomchuk, V. Danyte. Evaluation of agro-biological traits of <i>Medicago sativa</i> and <i>M. varia</i> in a Cambisol and Retisol	41
J. Chrpová, J. Palicová, L. Štěrbová, M. Trávníčková, V. Dumalasová, M. Chourová. Resistance against <i>Fusarium</i> head blight in oats	49
G. Gadimaliyeva, Z. Akparov, N. Aminov, A. Aliyeva, J. Ojaghi, S. Salayeva, M. Serpoush, A. Mammadov, A. Morgounov. Assessment of synthetic wheat lines for soil salinity tolerance	55
A. Kiel, D. Weigt, M. Karpińska, D. Kurasiak-Popowska, J. Niemann, A. Tomkowiak, S. Mikołajczyk, J. Nawracała. An analysis of the functionality of molecular markers related to the <i>Lr19</i> gene conditioning resistance to wheat leaf rust	63
M. Podwyszyńska, M. Sitarek, A. Marasek-Ciołakowska, U. Kowalska. Nuclear DNA content and phenotypic traits of the <i>Prunus</i> rootstocks from Poland's gene resources	71
Y. Vasebi, R. Khakvar, M. M. Faghihi, B. A. Vinatzer. Expression of pathogenicity and virulence related genes in <i>Pseudomonas syringae</i> pv. <i>syringae</i> under copper stress	79
I. Kudlinskienė, R. Gružasuskas, A. Daukšienė, G. Dovidaitienė, R. Želvytė, I. Monkevičienė, E. Šlyžius, D. Urbšienė, A. Racevičiūtė-Stupelienė, M. Ots, M. Kass, H. Žilinskas, R. Stankevičius. Effect of extrusion on the chemical composition of the faba beans and its influence on lactation performance of dairy cows	87
